BEATEN BY LOUISVILLE.

NEW TORKS FIND THE KENTUCK.

Brooklyns Capture a Pitcher's Game at Cleveland—Hallimores Thrushed by the Washing-tons—The Other Lengue Battles tio to the Pittaburgs, Cincinnatia, and Philadelphias

There is no doubt that the reorganized Louisvilles are playing fast ball for this time of the season. Under the management of James Rogers they have set such a pace that they have a good hold on third place. Yesterday the New Yorks opened their first Western series in the Kentucky metropolis, and found that the erstwhile tail-enders were really quite formidable. As a result, the men from Harlem, after a plucky fight, were beaten, the Louisvilles clinching victory with three runs in the last inning. The Brooklyns began their tour in a most encouraging manner. They stacked up against the Clevelands and won out, although it was a stubborn fight between the pitchers The surprise of the day was the sound thrash ing administered to the champion Baltimore by the Washingtons. This series is being played at this time so as to land both teams in Chicago and Cincinnati, respectively, on Decoration Day It is a departure from the old schedule, but is thought to be a good move. Pittsburg continues to hold second place by good ball playing, Donovan's men carrying off the honors in their first game with the Bostons. Cincinnati captured a close game from the Chicagos as return for their defeat on Sunday, and Ansor still clings to the tail end. The Philadelphias enjoyed a walkover at St. Louis and moved up to fourth place again. The results: Louisville, 9; New York, 5, Brooklyn, 3; Cieveland, 2,

Pittsburg, 4; Boston, 2. Washington, 13; Baltimore, 5. Cincinnati, 7; Chicago, 5. Philadelphia, 15; St. Louis, 1

LOUISVILLE, May 10.-The New Yorks were easily defeated by the Colonels to-day after a good beginning. Seymour was hit on critical occasions and his bases on balls were costly To add to this, Stafford made three errors, each of which cost a run. Sheridan was badly off in his decisions and both sides suffered. The visitors did not know when to stop kicking, and as a result Davis was put out of the game, while fines of \$25 each were registered against Gleason and Warner. The New Yorks scored first, getting two men over the plate in the second on singles by Gleason and Warner, Do lan's error, and Seymour's long fly. Two more in the fifth came from Van Haltren's bunt, Tiernan's base on balls, Stafford's single, and Gleason's out. The fifth and last run came and Gleason's out. The fifth and last run came in the sixth inning on a single by W. Clark, Warner's force, and Dolan's error. The Colonels counted twice in the third, on Hemming's base on balls, Fred Clarke's triple, and McCreery's fly; twice in the fourth, on a base on balls, a single by Dolan, and a triple by Clingman; twice in the sixth, on two errors by Stafford, a base on balls, and Fred Clarke's single, and three times in the ninth, on singles by Pickering, Wilson, and Clingman, a hit by pitched ball, and another very vicious error by Stafford. The score:

LOUISVILLE, / NEW YORK.

BROOKLYN, 3; CLEVELAND, 2.

BROOKLYN, 3; CLEVELAND, 2.

CLEVELAND, May 10.—Brooklyn won to-day from Cleveland in a listless game. Daub and Young were the opposing pitchers and both wore puzzles to the batters, Daub more so than Young. Cleveland bits came opportunely, and but for a bunch of three errors in one inning the game would have been a tie. One hit and three errors cost a run and the game. Aside from the pitching and wallace's sharp work at third the game was without notable incidents. The score: CLEVELAND. BROOKLYN.

WASHINGTON, 18; BALTHOOME, 5.

WASHINGTON, 18; BALTINGOR, 5.

WASHINGTON, May 10.—One of those streaks of luck which sometimes strikes the Senators, combined with hard letting and good fielding, brought joy to the hearts of the receiver this afternoon, when the colors of the champions were trailed in the dust. The game was full of brilliant plays, the most schaational being was full of brilliant plays, the most schaational being keeper's one-handed catch of Selbach's hit just as the ball was about to fall in the bleachers. The first triple play of the season was made by Doyle, Jennings, and Reitz. The score:

ST. ANDREW'S GOLF TEAM BEATEN. The Staten Island Cricket and Baseball Club Players Victorious.

No team match near New York has brought out better golf than that at St. Andrew's yesterday between the home players and the representatives of the Staten Island Cricket and Baseball Club. The visitors won by ten holes to three. Two of the last pairs out stopped playing on account of a violent thunderstorm, and the above total was reached by counting their scores as they stood, but this was not done until it was apparent that even if St. Andrew's had won every unplayed hole the cricket club would still have won the match by five holes. Of the unfinished pairs, Stoddart was three up with one to go, and Henderson two up with three to go.

When the order of play was posted up, the students of St. Andrew's, who had assembled to watch the match, figured out that Menzies ham, and Henderson down Witherspoon, while the others seemed so evenly matched that no

*Approximated.

At the ninth hole the score was: Cricket Club, 12, and 5t. Andrew's, 2, Henderson being the only home man to score. The final score was:

CRICKET CLUB.

W. Witherspoon 0 D. H. Henderson, Capt. 2

.....10 Total * Not played out on account of a thunderstorm. Stoddart and Bowers quit after the seventeenth, Hun-derson and Witherspoon after the fitteenth hole.

A new course is under construction by Willie Dunn at Poughkeepsie, on the Howell property. It is the second laid out this spring in Pough-keepsie, and will be the longest nine-hole links in this country. It will be opened the day after the intercollegiate boat race by a match for \$250 between Willie Dunn and James Foulis of Chicago, the American open champion. No less than three ties marked the match

between the first teams of the Philadelphia Country Club and the Merion Cricket Club on Saturday in the starting games of the Philadel-phia team circuit. The scores of the contests follow:

NEWS OF THE WHEELMEN.

PLANS FOR NEW RACING TRACKS AT BROOKLYN AND NEWARK.

Crouble Between the Atalanta Wheelmen and Records Claimed for Henry Smith in a 24-Hour Contest - The Pursuit Hace The sociable element in cycling promises to

play an important part among pleasure-seeking bicyclists this season. Tandems seem to be in great demand among riders who can boast o best girls," and every other combination which leads to propinquity of the sexes is having a fair trial. So far the tandem seems to have secured the largest following, but there is some difference of opinion as to how the riders should be seated. A veteran of the road ventures the fol lowing opinion:

"In one thing, at least, it has been definitely settled that lovely woman shall take a back seat. We have been a long time coming to this conclusion, for up to the end of last season the woman was placed in front. In this position she had the full benefit of the head wind and the machine. This form of cycling should be-come very fashionable. The vast increase of power which a properly constructed double ma-chine gives to its riders must, sooner or later, be more fully recognized by those who have hith-erto gone in for two safeties to every pair."

The reasons advanced in favor of tandem combinations are that the woman is free from the care which follows in the wake of the single rider, and that she has nothing to trouble her except to stick on when the pace becomes fast It is also argued that the man in front, when he feels fit, can go as fast as he pleases without fear of leaving his companion behind; that greater distances can be covered in the same time and with more comfort, and that by such an arrangement there are only two tires instead of four exposed to the risk of puncture. The tandem advocate winds up by saying that the "awing" which a pair attains at a fast pace is a pleasure unknown to the rider of the single machine.

Bicycle racing has increased to such an extent in this vicinity that various schemes are now under consideration for the construction of new tracks, and the outlook for an active racing season is promising. The sport in New Jersey has languished since the closing of the noted Roseville course, but the formation of the New Jersey Bicycle Track Association promises to revive the racing interests throughout the State. This new association has planned to build a quarter of a mile board track at Shooting Park, Newark. It is proposed to make the new track oval in shape, twenty-five feet wide on the backstretch and forty feet on the home, with a gradual increase on the curves. The banking will vary from three feet in twenty-six on the stretches to nine feet on the turns. There will be a straight-away of 236 feet. The supports for the super-structure will be placed on a stone foundation. The underpinnings will be of heavy cheatnut, and the track will be supported by an intricate trestlework. The surface will be built of the finest quality of yellow pine, one and a half by two inches, tongued and grooved, with leaded joints to reduce the vibration, and the entire surface will be creased to do away with the glare.

On the top of the embankments on the turns safety devices will be arranged to prevent riders from riding over while going at full speed. Wind shields will be constructed, so that in windy weather riders will be protected. Grand stands and bleachers will be untilt, and every accummodation will be furnished to racing patrons. Up to-date training quarters will be provided for the racing men under the grand stands, and the arrangements will be subjected. Grand stands and bleachers will be believed on the track or in the infield. In order to promote night races an electric light plant will be full. Work will begin on the track at once, and the contractors agree to have it ready by May 25. The opening moct Bicycle racing has increased to such an extent in this vicinity that various schemes are now

and promote general athletic sports.

and promote general athletic sports.

Chairman Mott of the L. A. W. Racing Board has precipitated ill feeling between the Atalanta Wheelmen and the Vim Bicycle Club of Newark by granting a sanction to the Century Cycling Club of Irvington to hold a race meet on May 31. The Atalanta Club members claim that the Century Club is not a bona-fide organization, and that the sanction granted is really for the Vim Club. The Atalanta Club will hold a meet at Waverly on May 31, and, feeling that it has not been treated properly by the L. A. W. sanctioning another meeting on the same day, has protested to the Racing Board. To adjust the dispute Chairman Mott visited Newark on Sunday to consult with the officers of the Atalanta Club. The result of the conference was unsatisfactory to the latter club. It developed that the sanction granted to the Century Club is for a tournament that will be held on the new track to be built at the Shooting Park. hooting Park. Chairman Mott admits that the sanction was

Chairman Mott admits that the sanction was granted under a misapprehension, but declares that he is powerless to revoke it. The fact that C. F. Neefus, the Chairman of the L. A. W. New Jersey State Racing Board, is interested in both the Vim Club and the new track scheme, leads the Atalanta Club members to believe that the National Racing Board has displayed favoritism. Realizing that intervention through Mott is useless, the club will try to make the best of the BALTIMORE, May 10.-Henry Smith, the Cer

Baltimore, May 10.—Henry Smith, the Century Club exclist, finished a twenty-four-hour ride along the shell road at 6:10 o clock this morning. He covered 314 miles, breaking eight records, five Maryland and three national. Smith broke the ten, twenty, fifty, 100 mile and twelve-hour records of Maryland, and the 200 and 300 mile and twenty-four-hour national records. The previous national records was 2951g miles, made by Lewis Ginnilis.

The course over which Smith raced was from Chase's Station ten miles direct along the Eastern avenue road, returning by the same route to the Old North Point road to Fifth avenue and thence by a road known as the "cut off" to the North Foint road, a course of twenty miles. These roads are of shell, but in places are hilly. At the start and end of each mile Smith was checked and the time of his passing the points noted.

Smith started at 6:10 o'clock amid the hur-rahs of a crowd of enthusinstic cyclers. He rode a stiff gatt throughout, resting only for his meals. Before he had gone many miles it was apparent that he would smash all records. When

he quit this morning he was pretty well worn out.

English promoters have taken up the "pursuit" race, which is a leading feature at French meets. This form of a contest is particularly interesting when engaged in by good men. It seems to be the popular idea to ran "pursuit" races between teams of "quad" and "quint" riders. In these races the teams must cut their own pace, and a fast rate of speed must be maintained in order to cross the line first. There is something novel in the races, and the idea of adding such events to some of the programmes in this country this year is now under advisement.

grammes in this country this year is now under advisement.

A Constant Reader,—To ride to Richmond, Va., take the route to Philadelphia published in THE SUN on May 9; leaving Philadelphia follow the Lancaster pike through Ardmore, Hryn Mawr, Wayne, and Devon to Paoli; then ride to Westcheater, Sagor's Mills, Chadds Ford, and Double Bridge; continue to Wilmington, Del., and direct through Red Lon and over Summit Bridge, Middletown; leaving the latter place ride to Warwick, Md., and then go through Cecilion, Frederickstown, Georgetown, Galena, Lancaster Grove, Hainesville, and Farleigh to Tolchester; take the steamer here to Baltimore; then ride to Cantonville and Ellicott City; cross the Potomac River and ride to Columbia; then go through Clarkwille to Highlands; cross the Fatuxent River and ride to Sandy Spring, from this point ride through Reegle, Colesville, Burnt Mills, Sligo, and Brightwood to Washington; cross to Alexandria and continue through Garfield, Springman Cherry Mill and Wide Water telled. The Race Committee of the Vim Bleycle Club consists of E. L. Hiauvelt, C. E. Earl, and A. S. Kimbail.

Work in being pushed on the cylie path from Patenogue to Port Jefferson, and it is expected it will be finished by May 31.

The Elimbural Wheelmen have elected the following officers: President, Charles Covert, Vice-President, E. Richardson, Secretary, V. D. Williamson: Treasurer, R. N. Irwin; Captain, F. E. Benson; Licuteants, W. H. Furman and F. A. Furman.

The Arcanum Wheelmen will hold their annual piculo and games on June 1. The races will be decided on the Hud-on County Boulevard.

A series of road races will be held by the Orient Cycle Jule of Newark on June 5.

Monte Scott, the professional rider, arrived in town on the steamship Yucatan from Mexico yeardny, He made a racing tour of the leading cities in that country.

The annual mest of the Maryland division of the L. A. W. will be held on July 3 and 5.

The Union Country Roadszers of Bahway will have a road race on May 39.

The Prospect Wheelmen have changed the date of their century run to June 13, It will be held ever the New Brunswick course.

Letters received by President Potter from the new officers of the California division of the L. A. W., will be the California division of the L. A. W., state that the work of midding the L. A. W. members together on the coast is progressing satisfactorily.

Kipatrick, the trick rider, arrived in this city on Sunday. He has been abroad for about a year.

Mrs. Rhibenart of Beover, the long-distance rider, was on the Cousy Island eyele path last Sunday.

The runs arranged by the Einhurst Wheelmen for May are as follows: 15, Freepott; 16, Coney Island; 22, Prospect Park; 23, Rosiya; 20, Valley Stream; 30, Bayside; 51, Amityville.

LIFELY SPORT ON HORSERSACK.

LIVELY SPORT ON HORSEBACK. Cadets of Squadron A Hold Their Fourth

The clever cadets attached to Squadron A held their fourth annual games at the armory. Ninety-fourth street and Madison avenue, last night. Despite a trying temperature highly flavored with tanbark, a large audience stayed until the show ended, and heartily applauded the many stirring incidents. The juvenile soldiers proved to be good horsemen, well mounted, and they went through the difficult feats called

and they went through the difficult feats called for with the dash of schoolboys and the precision of veterans.

The games were preceded by a drill of the full corps. Artificer J. J. Kelly was the first individual to signalize himself. He began by scoring at the head cutting and tent pegging, won second in the double pursuit, wrestling and potatorace, and wound up by capturing the novelty race, besides taking a slice of the honors in the fight to a finish. Private A. K. Bourne, Corporal P. Grace, Private H. Brown, Corporal L. V. Fromont, Corporal E. V. Clausen, Private G. Pitzeipio, and Sergeant H. E. Montgomery, second, were also conspicuous factors in the competitions. Summary: titions, Summary:
